PETITION FOR CORRECTED FILING RECEIPT
REPLY TO "RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT"

Commissioner for Patents
P.O. Box 1450
Alexandria VA 22313-1450

Sir/Madam:

Further to the "Response to Request for Corrected Filing Receipt" mailed October 6, 2004 (copy enclosed), the Applicants hereby respectfully request issuance of a Corrected Filing Receipt for the above-identified application.

It is respectfully requested that the Corrected Filing Receipt indicate the Domestic Priority data as claimed by the Applicants. Specifically, the present application claims priority from U.S. provisional application no. 60/411,387 filed on September 18, 2002, and it is respectfully requested that the Corrected Filing Receipt indicate this priority claim. A copy of the Corrected Filing Receipt mailed October 6, 2004 on which is indicated the requested priority claim information is enclosed herewith.

It is respectfully submitted that the requested correction is not due to any error on the part of the Applicants and thus that no fee is due for issuance of the Corrected Filing Receipt. However, if a fee is due for issuance of the Corrected Filing Receipt, the Director is hereby authorized to charge any required fee to Deposit Account No. 19-2550.

The following pages set forth the facts and the basis for the Corrected Filing Receipt.

I. FACTS

1. The present application claims priority from U.S. provisional application no. 60/411,387 filed on September 18, 2002 (as indicated in the "Combined Declaration and Power of Attorney" filed on February 11, 2004).
2. The present application was sent to the United States Patent and Trademark Office (USPTO) on September 17, 2003.
3. The USPTO was officially closed for business on Thursday, September 18, 2003 and on Friday, September 19, 2003 for reasons due to adverse weather, more particularly, a hurricane.

Enclosed is a printout, marked as Exhibit #1, retrieved from the USPTO website (www.uspto.gov/emergencyalerts/index_emergency.html) containing part of a Notification issued by the USPTO on September 25, 2003, evidencing that the USPTO was closed on the above-mentioned days and considers each of these days to be a "Federal holiday within the District of Columbia".

4. The present application was given the filing date of Monday, September 22, 2003.

II. BASIS FOR CORRECTED FILING RECEIPT

1. Section 510 of the Manual of Patent Examining Procedure (MPEP), Eighth Edition, August 2001 (Latest Revision May 2004), relates to filing of papers during unscheduled closings of the USPTO. This section states that:

"37 CFR 1.9(h) provides that the definition of "Federal holiday within the District of Columbia" includes an official closing of the Office. When the entire U.S. Patent and Trademark Office is officially closed for business for an entire day, for reasons due to adverse weather or other causes, the Office will consider each such day a "Federal holiday within the District of Columbia" under 35 U.S.C. 21. Any action or fee due on such a day may be taken, or fee paid, on the next succeeding business day the Office is open." [emphasis added¹]

2. 37 CFR 1.7 relates to times for taking actions when the times expire on a Saturday, Sunday, or a Federal Holiday, in particular, as it relates to provisional applications. This section states that:

"(a) [...] When the day, or the last day fixed by statute or by or under this part for taking any action or paying any fee in the United States Patent and Trademark Office falls on Saturday, Sunday, or on a Federal holiday within the District of Columbia, the action may be taken, or the fee paid, on the next succeeding business day which is not a Saturday, Sunday, or a Federal holiday. [...]"

¹ 37 CFR. 1.9(h) states that "[a] Federal holiday within the District of Columbia as used in this chapter means any day, except Saturdays and Sundays, when the Patent and Trademark Office is officially closed for business for the entire day."

35 U.S.C. 21(b) states that "[w]hen the day, or the last day, for taking any action or paying any fee in the United States Patent and Trademark Office falls on Saturday, Sunday, or a Federal holiday within the District of Columbia, the action may be taken, or fee paid, on the next succeeding secular or business day."

(b) If the day that is twelve months after the filing date of a provisional application under 35 U.S.C. 111(b) and § 1.53(c) falls on Saturday, Sunday, or on a Federal holiday within the District of Columbia, the period of pendency shall be extended to the next succeeding secular or business day which is not a Saturday, Sunday, or a Federal holiday." [emphasis added]

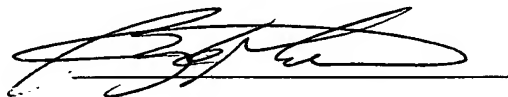

3. Therefore, each one of September 18, 19, 20 and 21, 2003, was either a Saturday, Sunday, or a Federal holiday within the District of Columbia. Accordingly, it is respectfully submitted that:
- i) the period of pendency of U.S. provisional application no. 60/411,387 filed on September 18, 2002 (on which the present application claims priority) extended to September 22, 2003; and
 - ii) the action of filing a non-provisional application claiming priority of U.S. provisional application no. 60/411,387 was allowed to occur on September 22, 2003.

Consequently, it is respectfully submitted that the filing of the present application on September 22, 2003, entitles the present application to claim priority from U.S. provisional application no. 60/411,387 filed on September 18, 2002.

III. CONCLUSION

In view of the foregoing, the Applicants respectfully request issuance of a Corrected Filing Receipt indicating the Domestic Priority data as claimed the Applicants, namely that the present application claims priority from U.S. provisional application no. 60/411,387 filed on September 18, 2002.

Respectfully submitted,

RESPONSE TO REQUEST FOR CORRECTED FILING RECEIPT

Domestic Continuity and Foreign Priority

In response to your request for a corrected Filing Receipt, the Office is unable to comply with the request because:

- ☐ The priority or continuity claim has not been entered because it was not filed during the required time period. Applicant may wish to consider filing a petition to accept an unintentionally delayed claim for priority. See 37 CFR 1.55 or 1.78.
- ☐ Continuity claimed under 35 U.S.C. § 120 cannot be added to the Filing Receipt without the applicant supplying the relationship (continuation, divisional, or continuation-in-part) in an Application Data Sheet or amendment to the first page of the specification.
- ☐ A claim for priority cannot be made based on an application filed after the application making the claim.
- ☐ Domestic benefit and foreign priority claims will not be captured in a provisional application. A provisional application is not entitled to a right of priority or to the benefit of an earlier filing date of any other application. See 35 U.S.C. § 111(b)(7) and 37 CFR 1.53(c)(4).
- ☐ A domestic continuity claim cannot be made to a foreign application and the filing receipt will only list the foreign country, application number, and filing date.
- ☐ Foreign priority will appear on the Filing Receipt in the following order: **Country, Application number, Filing date.**
- ☐ This application is the result of a conversion from a provisional application. Priority based on such application cannot be made since it no longer exists as a provisional application.

- ☒ The application(s) to which priority is claimed were filed over a year prior to the filing date of this application. Therefore, the referenced application(s) cannot be claimed as domestic or foreign priority.
- ☐ To change the benefit claim of a U.S. prior-filed application, applicant must amend the first sentence of the specification (if the benefit claim is referenced in the specification), or provide a supplemental application data sheet (ADS) (if the benefit claim was submitted in an ADS), with the desired benefit claim. Note that once a benefit claim is deleted, applicant will not be able to claim such prior-filed application again, if the above-identified application was filed on or after November 29, 2000.
- ☐ To change a foreign priority claim, applicant must submit a supplemental oath or declaration (if the priority claim is referenced in the oath or declaration), or a supplemental application data sheet (ADS) (if the priority claim was submitted in an ADS), with the desired priority claim. If a supplemental ADS is submitted, any deletions should be shown with strikeouts. Note that once a priority claim is deleted, applicant will not be able to claim such foreign application again, if the above-identified application was filed on or after November 29, 2000.

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

The United States Patent and Trademark Office, as of approximately 10:30 a.m., September 11, 2001, has been closed for official business as a result of an order by the Office of Personnel Management. In the emergency situation of this day, the Patent and Trademark Office will consider September 11 a "federal holiday within the District of Columbia" under 35 U.S.C. § 21(b). Although normally the Patent and Trademark Office does not consider days on which the agency is closed for only part of the day as a federal holiday, it is making an exception for the unusual circumstances of this date. As a result of the closing of public transportation and particular circumstances in the immediate vicinity of the Office, parties are discouraged from coming to the Patent and Trademark Office in order to make filings on September 11.

Any action or fee due on September 11, 2001, will be considered as timely for the purposes of, e.g., 35 U.S.C §§ 119, 120, 133 and 151, if the action is taken, or the fee paid, on the next succeeding business day on which the Patent and Trademark Office is open. 37 C.F.R. § 1.6(a)(2) provides that correspondence deposited as Express Mail in accordance with 37 C.F.R. § 1.10 will be considered filed on the date of its deposit. **TEXT & IMAGE OF ORIGINAL SIGNED DOCUMENT >>>**
